Sulmed Plus is a water-soluble powder of sulfas, vitamins and electrolytes soluble in water for swine, cattle and sheep.

Medprodex Inc.,
4-61 Malcolm Rd. Guelph, ON N1K 1A7

Indications:

For the prevention and treatment of bacterial infections such as bacterial enteritis, bacterial pneumonia, salmonellosis and shipping fever.

Dosage and Administration:

Swine and Sheep

450 g in 2700 L of drinking water for 5 – 10 days.

Cattle

450 g in 1350 L of drinking water for 5 – 10 days.

NOTE

1 Tbsp. (15 mL) is equivalent to 9 g.

STORAGE

Store in a dry, cool place below 23°C.

CAUTION

This product should not be administered to animals suffering from renal impairment or with known history of sulfonamide hypersensitivity.

WARNING(S)

Treated animals must not be slaughtered for use in food for at least 10 days after the latest treatment.

This drug must not be administered to lactating dairy animals. This product must not be added to swine feed.

KEEP OUT OF REACH OF CHILDREN
