

## 2 Sulfamed

### Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)  
Issue date: 09/23/2025 Version: 1.0

#### SECTION 1 Identification

##### 1.1. GHS Product identifier

Product form : Mixture  
Trade name : 2 Sulfamed

##### 1.2. Other means of identification

Other means of identification : Registered product - DIN 02030586

##### 1.3. Recommended use of the chemical and restrictions on use

Recommended use : Livestock drinking water medication  
Restrictions on use : VETERINARY USE ONLY

##### 1.4. Supplier's details

Bio Agri Mix LP  
P.O. Box 399  
Mitchell, ON, N0K 1N0  
Canada  
T 519-348-9865

##### 1.5. Emergency phone number

Emergency number : CANUTEC: 1-613-996-6666 (transport)

#### SECTION 2 Hazard identification

##### 2.1. Classification of the substance or mixture

###### Classification (GHS CA)

|  |                                   |
|--|-----------------------------------|
| Acute toxicity (oral), Category 4  | Harmful if swallowed.             |
| Skin corrosion/irritation, Category 2  | Causes skin irritation.           |
| Serious eye damage/eye irritation, Category 2  | Causes serious eye irritation.    |
| Specific target organ toxicity – Single exposure, Category 3, Respiratory tract irritation | May cause respiratory irritation. |

##### 2.2. GHS label elements, including precautionary statements

###### GHS CA labelling

Hazard pictograms (GHS CA) :

Signal word (GHS CA) : Warning

Hazard statements (GHS CA) : Harmful if swallowed  
Causes skin irritation  
Causes serious eye irritation  
May cause respiratory irritation

Precautionary statements (GHS CA) : Wash hands, forearms and face thoroughly after handling.  
Do not eat, drink or smoke when using this product.  
Avoid breathing dust.  
Use only outdoors or in a well-ventilated area.  
Wear protective gloves, protective clothing, eye and face protection.  
IF SWALLOWED: Call a POISON CENTER or a doctor if you feel unwell.

# 2 Sulfamed

## Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

Rinse mouth.  
IF ON SKIN: Wash with plenty of water.  
Specific treatment (see supplemental first aid instruction on this label).  
If skin irritation occurs: Get medical advice or attention.  
Take off contaminated clothing and wash it before reuse.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
If eye irritation persists: Get medical advice or attention.  
IF INHALED: Remove person to fresh air and keep comfortable for breathing.  
Call a POISON CENTER or a doctor if you feel unwell.  
Store in a well-ventilated place. Keep container tightly closed.  
Store locked up.  
Dispose of contents and/or container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulations.  
: Exempt - Registered product - (DIN 02030586).

### Supplementary information

This product is not subject to the Hazardous Products Act (HPA) Part II (Hazardous Products) as per paragraph 12(j); Schedule 1 (Non-Application of Part II).

This restriction states that Part II does not apply in respect of the sale or importation of anything listed in Schedule 1 which includes any pest control product as defined in subsection 2(1) of the Pest Control Products Act, any explosive as defined in section 2 of the Explosives Act, any cosmetic, device, drug or food, as defined in section 2 of the Food and Drugs Act, any consumer product as defined in section 2 of the Canada Consumer Product Safety Act and any wood or product made of wood.

### 2.3. Other hazards which do not result in classification

No additional information available

## SECTION 3 Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name  | Chemical name / Synonyms   | Product identifier | %     |
|---|--|--------------------|-------|
| Sulfamethazine sodium                                       | Sodium sulfamethazine / Sodium sulphamezathine / Sulfadimidine sodium / Sulfamethazine sodium / sulfamethazine sodium  | CAS-No.: 1981-58-4 | 45-70 |
| Benzenesulfonamide, 4-amino-N-2-thiazolyl-, monosodium salt | Sodium 2-sulfanilamidothiazole / Sodium norsulfazole / Sodium sulfathiazole / 2-Sulfanilamidothiazole sodium salt / Sulfathiazole sodium / Sulfanilamide, N1-2-thiazolyl-, monosodium salt | CAS-No.: 144-74-1  | 30-60 |

### Comments

: CANADA GHS: The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with the amended HPR as of December 2022.

# 2 Sulfamed

## Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

### SECTION 4 First-aid measures

#### 4.1. Description of necessary first-aid measures

|                                       |  |
|---------------------------------------|--|
| First-aid measures after inhalation   | : IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a poison center or a doctor if you feel unwell.  |
| First-aid measures after skin contact | : IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice or attention. Take off contaminated clothing and wash it before reuse.  |
| First-aid measures after eye contact  | : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice and attention.   |
| First-aid measures after ingestion    | : IF SWALLOWED : Call a POISON CENTER or doctor if you feel unwell. Rinse mouth. Rinse mouth.  |
| First-aid measures general            | : Call a poison center or a doctor if you feel unwell. If you feel unwell, seek medical advice (show the label where possible). Medical personnel should be made aware of substance(s) involved and take measures for self protection. Show this safety data sheet to the doctor in attendance. Avoid contact with skin and eyes. Keep out of the reach of children. |

#### 4.2. Most important symptoms/effects, acute and delayed

|                                     |   |
|-------------------------------------|---|
| Symptoms/effects after inhalation   | : Prolonged inhalation may be harmful.  |
| Symptoms/effects after skin contact | : Causes skin irritation. Symptoms may include redness, edema, drying, defatting and cracking of the skin. Prolonged or repeated contact may dry skin and cause irritation. |
| Symptoms/effects after eye contact  | : Causes serious eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.   |
| Symptoms/effects after ingestion    | : Harmful if swallowed. May cause stomach distress, nausea or vomiting.   |

#### 4.3. Indication of immediate medical attention and special treatment needed, if necessary

|                                   |   |
|-----------------------------------|---|
| Other medical advice or treatment | : Symptoms may be delayed. Treat symptomatically. |
|-----------------------------------|---|

### SECTION 5 Fire-fighting measures

#### 5.1. Suitable extinguishing media

|                                |   |
|--------------------------------|---|
| Suitable extinguishing media   | : Treat for surrounding material.                               |
| Unsuitable extinguishing media | : Do not use a water jet since it may cause the fire to spread. |

#### 5.2. Specific hazards arising from the chemical

|  |  |
|--|--|
| Fire hazard                                      | : During fire, gases hazardous to health may be formed. In case of fire or explosion do not breathe fumes. |
| Explosion hazard                                 | : No direct explosion hazard.  |
| Hazardous decomposition products in case of fire | : May include and are not limited to: Nitrogen oxides. Sulphur oxides. oxides of carbon.                   |

#### 5.3. Special protective actions for fire-fighters

|                                |  |
|--------------------------------|--|
| Firefighting instructions      | : In case of fire: stop leak if safe to do so. Do not enter fire area without proper protective equipment, including respiratory protection. Move containers from fire area if it can be done without personal risk. |
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.   |

### SECTION 6 Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

|                  |  |
|------------------|--|
| General measures | : In the event of a significant spillage : Notify authorities if product enters sewers or public waters. Keep unnecessary personnel away. For personal protection, see section 8 of the SDS. |
|------------------|--|

# 2 Sulfamed

## Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

Environmental precautions : Avoid release to the environment.

### 6.2. Methods and materials for containment and cleaning up

For containment : Stop leaks if it can be done without personal risk. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up with inert absorbent material (for example sand, sawdust, a universal binder, silica gel). Take up mechanically (sweeping, shovelling) and collect in suitable container for disposal. Clean contaminated surfaces with an excess of water. Minimise generation of dust.

Other information : This material and its container must be disposed of in a safe way, and as per local legislation.

For further information refer to section 13

## SECTION 7 Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Use only outdoors or in a well-ventilated area. Avoid breathing dust. Avoid contact with skin and eyes. Do not taste or swallow. Wear personal protective equipment. Handle and open container with care.

Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Take off contaminated clothing and wash it before reuse.

Additional hazards when processed : Not expected to present a significant hazard under anticipated conditions of normal use.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store locked up. Store in a well-ventilated place. Keep container tightly closed. Keep out of reach of children. Store tightly closed in a dry, cool and well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS).

Packaging materials : Store always product in container of same material as original container.

## SECTION 8 Exposure controls/personal protection

### 8.1. Control parameters

No additional information available

### 8.2. Appropriate engineering controls

Appropriate engineering controls : Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

Environmental exposure controls : Avoid release to the environment.

### 8.3. Individual protection measures, such as personal protective equipment (PPE)

#### Hand protection:

Wear protective gloves. Confirm with a reputable supplier first.

#### Eye protection:

Wear safety glasses with side shields (or goggles).

#### Skin and body protection:

Wear suitable protective clothing. As required by employer code.

# 2 Sulfamed

## Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

### Respiratory protection:

Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.

Respirator should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA's respirator standard (29 CFR 1910.134), CAN/CSA-Z94.4 and ANSI's standard for respiratory protection (Z88.2).

## SECTION 9 Physical and chemical properties

### 9.1. Basic physical and chemical properties

|   |                     |
|---|---------------------|
| Physical state                                  | : Solid             |
| Appearance                                      | : Powder.           |
| Colour  | : Light pink        |
| Odour   | : Characteristic    |
| Odour threshold                                 | : No data available |
| pH  | : 9 – 11            |
| Relative evaporation rate (butylacetate=1)      | : No data available |
| Relative evaporation rate (ether=1)             | : No data available |
| Melting point                                   | : No data available |
| Freezing point                                  | : Not applicable    |
| Boiling point                                   | : No data available |
| Flash point                                     | : Not applicable    |
| Auto-ignition temperature                       | : Not applicable    |
| Decomposition temperature                       | : No data available |
| Flammability (solid, gas)                       | : No data available |
| Vapour pressure                                 | : No data available |
| Relative vapour density at 20°C                 | : No data available |
| Relative density                                | : No data available |
| Solubility                                      | : No data available |
| Partition coefficient n-octanol/water (Log Pow) | : No data available |
| Viscosity, kinematic                            | : Not applicable    |
| Explosive properties                            | : Not explosive.    |
| Oxidising properties                            | : Not oxidising.    |
| Explosive limits                                | : Not applicable    |
| Particle characteristics                        | : No data available |

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10 Stability and reactivity

|                                    |  |
|------------------------------------|--|
| Reactivity                         | : The product is non-reactive under normal conditions of use, storage and transport.     |
| Chemical stability                 | : Stable under normal conditions.  |
| Possibility of hazardous reactions | : No dangerous reactions known under normal conditions of use.                           |
| Conditions to avoid                | : Keep away from heat and direct sunlight.   |
| Incompatible materials             | : Strong oxidizing agents. Caustic. Acids.   |
| Hazardous decomposition products   | : May include and are not limited to: Nitrogen oxides. Sulphur oxides. oxides of carbon. |

## SECTION 11 Toxicological information

### 11.1. Likely routes of exposure

|                             |                         |
|-----------------------------|-------------------------|
| Acute toxicity (oral)       | : Harmful if swallowed. |
| Acute toxicity (dermal)     | : Not classified        |
| Acute toxicity (inhalation) | : Not classified        |

# 2 Sulfamed

## Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

| <b>2 Sulfamed</b>   |   |
|---|---|
| ATE CA (oral)   | 505.418 mg/kg bodyweight  |
| Unknown acute toxicity (GHS CA)   | 34.7% of the mixture consists of ingredient(s) of unknown acute toxicity (Oral)   |
| <b>Sulfamethazine sodium (1981-58-4)</b>                                      |   |
| ATE CA (oral)   | 500 mg/kg bodyweight  |
| Skin corrosion/irritation   | : Causes skin irritation.<br>pH: 9 – 11   |
| Serious eye damage/irritation   | : Causes serious eye irritation.<br>pH: 9 – 11  |
| Respiratory or skin sensitization   | : Not classified  |
| Germ cell mutagenicity  | : Not classified  |
| Carcinogenicity   | : Not classified  |
| <b>Sulfamethazine sodium (1981-58-4)</b>                                      |   |
| IARC group  | 3 - Not classifiable  |
| Reproductive toxicity   | : Not classified  |
| STOT-single exposure  | : May cause respiratory irritation.   |
| STOT-repeated exposure  | : Not classified  |
| Aspiration hazard   | : Not classified  |
| Likely routes of exposure   | : Skin and eyes contact. Ingestion. Inhalation.   |
| Symptoms/effects after inhalation   | : Prolonged inhalation may be harmful.  |
| Symptoms/effects after skin contact   | : Causes skin irritation. Symptoms may include redness, edema, drying, defatting and cracking of the skin. Prolonged or repeated contact may dry skin and cause irritation. |
| Symptoms/effects after eye contact  | : Causes serious eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.   |
| Symptoms/effects after ingestion  | : Harmful if swallowed. May cause stomach distress, nausea or vomiting.   |
| <b>SECTION 12 Ecological information</b>                                      |   |
| <b>12.1. Toxicity</b>   |   |
| Ecology - general   | : See below for route-specific details.   |
| Hazardous to the aquatic environment, short-term (acute)                      | : Not classified  |
| Hazardous to the aquatic environment, long-term (chronic)                     | : Not classified  |
| <b>12.2. Persistence and degradability</b>                                    |   |
| <b>2 Sulfamed</b>   |   |
| Persistence and degradability   | Rapidly degradable  |
| <b>Sulfamethazine sodium (1981-58-4)</b>                                      |   |
| Persistence and degradability   | Rapidly degradable  |
| <b>Benzenesulfonamide, 4-amino-N-2-thiazolyl-, monosodium salt (144-74-1)</b> |   |
| Persistence and degradability   | Rapidly degradable  |

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

# 2 Sulfamed

## Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

### 12.5. Other adverse effects

Ozone : Not classified  
Fluorinated greenhouse gases : No

## SECTION 13 Disposal considerations

Waste treatment methods : Dispose of the material collected according to regulations.  
Sewage disposal recommendations : Disposal must be done according to official regulations.  
Product/Packaging disposal recommendations : Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling, disposal or collection.

## SECTION 14 Transport information

In accordance with TDG

|   | TDG           |
|---|---------------|
| <b>14.1. UN Number</b>                    | Not regulated |
| <b>14.2. UN Proper Shipping Name</b>      | Not regulated |
| <b>14.3. Transport hazard class(es)</b>   | Not regulated |
| <b>14.4. Packing group, if applicable</b> | Not regulated |
| <b>14.5. Environmental hazards</b>        | Not regulated |
| No supplementary information available    |               |

### 14.6. Special precautions for user

TDG  
Not regulated

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78<sup>9</sup> and the IBC Code<sup>10</sup>

Not applicable

## SECTION 15 Regulatory information

All components of this product are present on DSL

## SECTION 16 Other Information

Issue date : 09/23/2025

## 2 Sulfamed

### Safety Data Sheet

According to SOR/2015-17, Hazardous Products Regulations (HPR) (amended 2022)

#### Other information

: For an updated SDS, please contact the supplier or manufacturer listed on the first page of the document.

Exempt - Registered product - (DIN 02030586).

This product is not subject to the Hazardous Products Act (HPA) Part II (Hazardous Products) as per paragraph 12(j); Schedule 1 (Non-Application of Part II).

This restriction states that Part II does not apply in respect of the sale or importation of anything listed in Schedule 1 which includes any pest control product as defined in subsection 2(1) of the Pest Control Products Act, any explosive as defined in section 2 of the Explosives Act, any cosmetic, device, drug or food, as defined in section 2 of the Food and Drugs Act, any consumer product as defined in section 2 of the Canada Consumer Product Safety Act and any wood or product made of wood.

#### VETERINARY USE ONLY

**WARNINGS:** Treated animals must not be slaughtered for use in food for at least 10 days after the latest treatment. Do not use in lactating dairy cattle. Do not administer in swine feed.

Sulfonamides can cause allergic reactions in sensitized individuals. When handling the product, avoid inhalation, oral exposure and direct contact with skin or eyes. Keep out of reach of children

**CONTRAINdications:** Do not administer to animals with a known sensitivity to sulfonamides or with renal impairment.

**CAUTIONS:** If improvement is not seen within 48 hours, medication should be discontinued and the diagnosis and treatment should be re-evaluated. Generally, treatment should not exceed 4 days. Severely dehydrated animals should not be treated with this drug. Treated animals should have easy access to drinking water to maintain adequate hydration.

The information in the safety data sheet was written by Dell Tech Laboratories Ltd. ([www.dellttech.com](http://www.dellttech.com)) based on the best knowledge and experience currently available. Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.
